- Stakeholder, Executive & Client Communication

Tools: Jira, Confluence, Azure DevOps, Trello, Miro, Figma, Canva

PROFESSIONAL EXPERIENCE

Delivery Manager | Grid Dynamics

Jun 2024 - Present

- Lead delivery of multiple enterprise-scale GenAI initiatives, including Agentic AI and RAG-based solutions, from MVP through production deployment.

- Currently managing a GenAI program for a FAANG-level company under strict NDA, driving delivery, cross-team coordination, and release execution.
- Partner with engineering, product, data, and client stakeholders to align technical execution with business goals.
- Manage delivery reviews, release planning, dependencies, and risk mitigation across parallel workstreams.
- Own budget planning, vendor coordination, and delivery forecasting.
- Support hiring, onboarding, coaching, and performance feedback for project teams.
- Deliver solutions for multiple enterprise clients across insurance, retail, finance, gaming, search platforms, and AI-driven products.

IT Product / Project Manager | Blockstars.tech

Nov 2022 – Mar 2024

- Defined project charters, scope, timelines, and delivery metrics for project and product initiatives.
- Led development of an internal CMS, improving documentation quality and financial tracking.
- Facilitated Agile ceremonies to improve delivery predictability and team velocity.
- Managed executive, stakeholder, and investor communications.
- Owned product roadmaps, marketing coordination, and hiring processes.

IT Project Manager | Exio.Tech

Oct 2021 – Oct 2022

- Delivered multiple IT projects on time and within budget across web and mobile platforms.
- Managed international clients and enterprise stakeholders.
- Led technical discovery, estimation, and client alignment sessions.

Project Manager | Web Projects

Aug 2020 – Oct 2021

- Managed schedules, documentation, and task tracking for web-based applications.
- Led Scrum ceremonies across sprint cycles.
- Reduced delivery timelines by ~10% through structured task management.
- Supported lead generation initiatives, achieving a 30% response rate.
